\*There is enough gold ¼” tape for each arrow to have up to 9 stripes. You will use 4 for the compass points, and can add up to 5 more for each scout based on the number of Wolf and Bear activities he accomplished. Even if your scout completed more, only use a total of 9 or you will likely run out of space on your arrow.

\*\*There is enough silver ¼” tape for each arrow to have a total of 3 silver stripes. (If your scout achieved more, this can represent all of their achievements.)

\*\*\*Each Webelo can use up to 3 white/green pattern sets of ¼” tape. (If your scout achieved more than 3 additional pins, this can represent ALL of their achievements. There typically isn’t room on your arrow to add more.)
